## THE MOON AND THE SKY

I love you like the Moon  
You are my beauty white Moon  
on my strong dark sky

What's the Moon without the Sky?  
Nothing, we must tell - nothing  
One is the Moon  
One is the Sky  
The Moon minus the Sky  
Equals the Great Nothing  
One minus One  
Equals Null  
My the One  
Equals your the One  
Equals - pain

The Moon plus The Sky  
Equals Harmony  
The One plus The One  
Equals magic Two  
Equals magic Harmony

The Moon has four quarters  
The Sky has four sides

The Four through the Four  
Equals only One  
Equals null and pain

We are Two as the One.  
Your blood is plus One  
My blood is minus One.  
We were alone long time ago  
Now you have me, I have you.

Suzanna, oh, my love Suzanna,  
My lukey rainbow with seven colors.  
My two eyes watch your two eyes.  
Your two ears hears my two ears.
